November 15	TBA
December 20	TBA

August 16<sup>th</sup> is when Air Heritage is celebrating National Aviation Day. Air Heritage is having an event and would like us to set up an area to show our RC's to the community. CJ will be doing a demonstration that day also. We thought it would be a great idea to show people what we fly as a club and possibly get some new members. SO....The August meeting is rescheduled to August 9<sup>th</sup>. That will be our annual picnic day. Please bring a covered dish of some kind and enjoy the company of other club members, and weather permitting, go flying after. It's always a fun day. The club will provide hot dogs and drinks.

**FYI** - National Aviation Day is celebrated on August 19th each year, which happens to be Orville Wright's birthday. President Roosevelt created National Aviation Day in 1939 as a way to celebrate the growth and advancements being made in aviation.

➔ **EAT N PARK BREAKFAST**

All members are invited to come out and join us for our weekly breakfast gathering on Thursday mornings at 8:40 AM. We meet at the Chippewa Eat 'n Park restaurant. Everyone is more than welcome to come out and do a little airplane talk or anything else for that matter while we eat – that's what we do best. Then After a good hearty breakfast, head to the field for some flying.

Any new changes to address, phone number, or emails, please let me know. I need to update our membership file.

**Welcome to the Club, Gary Keefer, Ed Hill, and Ken Rinaman. We hope you have many fun days of flying with everyone.**

➔ **May & June Birthday Wishes!**

Some of you have celebrated your birthday in May. And now the month of June.

***Happy Birthday*** to all and for many more years yet to come! ➔

➔ Do you have any interesting information to add to the Newsletter? Would love to have some news, information, get well wishes, and so much more to add.

June 12 -14 2015 – Muncie, Indiana. XFC Extreme Flight Championship. Battle of the Best. (Our own CJ Kurella will be entering the Last Chance Qualifier on Thursday, June 11<sup>th</sup>. If he gets picked, he will be flying in competition with the world's best RC Pilots. Good luck CJ!) Of course his Mom will always think he's the best.

*Some new information for the club.*

There is still much work to be done at the flying field. The “upper” area is being cleared so that quadcopters can have an area away from the main flight line, which is for fixed wing airplanes only. Please note, helicopters are still not allowed to fly at Zima Field. Please call Ron Yeager to arrange a time that you can go to the field and help. 724-698-3560

We now have lights at the field for night time flying. How fun is that?

**New Area!** Send info to [kimkurella@comcast.net](mailto:kimkurella@comcast.net)

This area will be for members that have items to sell. Please send item description, pictures, and price of what you want to sell.

**ASK FOR IT.**

This is where members can post RC items that they are looking for and would like to buy.
